

THE ELBA CLIPPER

VOLUME XXV.

ELBA, ALABAMA, THURSDAY DECEMBER 1st, 1921

NUMBER 35.

School Notes

The Graded school rendered an interesting Thanksgiving program in Chapel Wednesday morning. Each grade presented some feature of the program. It was thoroughly enjoyed by all.

Misses Deason, Miller, and Sanders spent the Thanksgiving holidays at their homes.

The Boys Basketball team met the Samson team in a match game at the Samson Court Friday afternoon, the score being 11 to 14 in favor of our boys. The boys will be over here for a game Wednesday, and we hope everybody will come out and see the local team win over them.

Mrs. Kendrick has accepted a position in the school as teacher of the Sixth Grade. We are glad to have Mrs. Kendrick with us.

The Morrow Hardware Company expressed their interest in the school by donating a nice oil stove to the Domestic Science Class. We heartily thank them for it.

Miss Caryl Brigham of Waynesboro, Georgia, is here coaching the players for the "Miracle of Love". This will be given for the benefit of the school, and we hope to have a large attendance.

LIME COLA PLANT, NEW INDUSTRY FOR TROY, OPENS BUSINESS, LOCATED ON ACADEMY STREET

Announcement has been made that the Lime Cola Bottling Company, of Troy, has received its first shipment of machinery and are now ready to supply the trade in Pine and adjoining counties. The valuable Lime Cola franchise is controlled by Messrs. W. H. Hise and L. S. Reimer, who have installed in their model bottling establishment the latest and most approved types of machinery for bottling soft drink beverages.

A Pro Served Wagon and a Ford truck comprise the delivery fleet at present, and it is the plan of these wide-awake gentlemen to add other units as the season opens and as they increase their radius of operation.

Lime Cola, which will be the leader of the new establishment, is an Alabama product, the home office where syrup is manufactured being located in Montgomery. The Troy plant is a new unit of the large chain of Lime Cola franchise bottlers extending from Florida to West Virginia.

Quality and uniformity being the watch words, it is predicted that the Troy plant will meet the same success that has crowned the efforts of other Lime Cola bottling plants.

CAR STRUCK BY TRAIN
Opp Weekly News says: An automobile was completely demolished by the L. & N. passenger train No. 27 Monday night. The accident occurred at a railroad crossing just west of Rabbin. It appears that the car, which belonged to Mr. J. C. Sasser, choked down on the crossing and the driver seeing the train approaching deserted the car and left it to its fate. The engineer did not see the car in time to stop and hit it with full force. Nobody was hurt in the accident.

WOMAN VS. POLECATS
Polecats have been quite troublesome to poultry raisers in some parts of town recently. They became so bold that a good lady resident succeeded in catching one with her hands a few days ago and besting it to death with a stick. She displayed a wonderful nerve and pluck, altho it meant the retirement of her wearing apparel from active service for several days.—Slocumb Observer

TO WATER CONSUMERS.

GINNING REPORT

There were 11,774 bales of cotton ginned in Coffee County prior to November 14, 1921, according to the report of J. J. Farris, special census agent. To the same date last year there were 9,107 bales ginned.

NEGRO KILLED BY ACCIDENTAL DISCHARGE OF A GUN

Troy Messenger says: George Neal, a negro, died at his home in Troy on Friday afternoon, from wounds received in the accidental discharge of a pistol at Elba a few days ago.

Neal, who was a Troy negro, had been working at Elba for some weeks, was cutting some wood for the parties by whom he was employed a few days ago, when the handle of the axe he was swinging, came in contact with the trigger of a hammer of a pistol which he carried in the pocket of his overall jumper. The pistol was discharged and ball entered the lower part of his stomach, ranging across and downward and puncturing his intestines in several places.

AUGUSTA, GEORGIA SCENE OF A BIG FIRE. PROPERTY LOSS IS ABOUT \$2,000,000

Augusta, Ga., Nov. 28.—Early this morning, firemen here had succeeded in controlling the most disastrous fire in the history of this city.

The Harrison building and the Johnson building, two big, modern structures of steel and masonry, were gutted by the flames, which started in the Harrison building. The Augusta Chronicle building is believed to be a total loss. The Albion Hotel is badly damaged, and the Genesta Hotel is badly burned. Stohrer's drug store is a total loss, and other business men are hard hit.

The loss is estimated at between one and a half and two and a half million dollars.

No loss of life has as yet been reported.

When it became apparent that the flames would spread rapidly, the Augusta fire force became alarmed and called for aid from Aiken, South Carolina, Savannah, Macon and Atlanta, Georgia.

The department from Aiken arrived and helped to subdue the flames, and it was reported that the other departments were later told not to come when it appeared that the fire was under control.

Many structures were threatened, but there was little wind to fan the flames, and the heroic warrior firemen revented any further spread.

The Augusta Chronicle building, which was destroyed, housed many valuable files of that paper, which are believed to have been burned. The paper was printed this morning in a contemporary plant.

The guests of the two hotels were warned, and camped in the streets until private citizens took them into their homes.

One fireman is reported to be in a hospital, suffering from exhaustion.

The origin of the fire is unknown, but a building in the Harrison building smelled smoke early Friday afternoon, and it is believed the fire was then smouldering in one of the buildings.

REV. BOB JONES DECLINES TO GO TO INDIANAPOLIS

Grenville, Ala., Nov. 24.—Rev. Bob Jones, widely known Montgomery evangelist, who was to go to Indianapolis next year and become, for six months each year, associate pastor of the Grady Tabernacle there, has decided that he will not accept that work. He has just been to that city and spent a couple of weeks, but he decided that he would not accept the work offered him there under present conditions.

He says it was never his idea to move away from Montgomery, and now his permanent residence will continue to be there.

17 YEAR OLD BOY GIVEN LIFE TERM FOR MURDER

Dublin, Ga., Nov. 24.—George Walker, 15, Thursday faced life in prison for killing George Avery, his 18 year old pal.

The boy was convicted early Thursday after one of the shortest murder trials in the history of this country.

As the last words of the sentence fell from the lips of the judge, Walker, 15, Thursday faced life in prison for killing George Avery, his 18 year old pal.

The verdict—given with recommendation for mercy, which was a life term, crowded with interested neighbors of the lad and curious town folk, was immediately cleared.

HORRIBLE ACCIDENT AT GRADY CROSSING COSTS LIVES OF FOUR.

Birmingham, November 24.—Four persons were instantly killed and three others seriously injured last Sunday when a Southern passenger train crashed into an automobile at a railroad crossing in West End.

The dead are: Mrs. J. A. Brooks, 5; Mrs. R. H. Henry, daughter of Mrs. Brooks, of Georgiana, Ala; Mr. A. A. Brooks, Warren Henry, age 1 months, son of Mrs. Henry. The injured: Miss May Brooks, who was ill unconscious tonight; B. A. Brooks, driver of the automobile; Charles E. Brooks. Miss May and B. A. Brooks are believed fatal.

The automobile was completely wrecked and the bodies of two of the accident victims horribly mangled.

Orner Russum is conducting an investigation into the accident tonight.

According to J. A. Brooks, husband of one of the victims of the tragedy, the family composed of Mrs. J. A. Brooks, Mrs. R. H. Henry and her son, Warren of Georgiana, Butler county, Mrs. B. A. Brooks, Miss May Brooks and Charles Ernest Brooks, who were in the Elwood cemetery to bury the grave of C. A. Brooks, a son of Mr. and Mrs. J. A. Brooks with E. A. Brooks, another son. Mr. Brooks said that they had left the house about 4:20 o'clock to go directly to the cemetery.

At about 5:30 o'clock Mr. Brooks was notified of the death of his wife whose body had been taken to an undertaking establishment. There he was told of the death of his two daughters and the grand son. He had hastened to the hospital at the fall of his son, Chas. Ernest Brooks who had been taken there in an ambulance. At the hospital he learned few of the details of the accident due to the inability of his son to disclose any facts concerning it. Ernest Brooks, it was said, later by the hospital authorities was not seriously injured.

It was said that the automobile was coming from the direction of the cemetery on the Montevallo road and had gotten about two-thirds of the way across the A. G. S. railroad crossing when it was struck by the train which hurled the car against the cowp, about 20 feet distant, tossing occupants out of the car and breaking them along the right of way. Mrs. J. A. Brooks was picked up from under the demolished automobile. The car was a total wreck, he only part left intact being a wheel.

Ambulances from the city rushed to the scene of the accident. The mangled body of Warren Henry, the 14 months old boy, was picked up some distance from the crossing by the driver of one ambulance, that of Mrs. J. A. Brooks being extricated from the demolished car by another.

The body of Mrs. Henry by an ambulance which gathered up the injured who were lying along the right of way, all in an unconscious condition and rushed them to the hospital.

Miss Spencer, State Supervisor of Schools, with headquarters at Montgomery, spent the week and at Elba a guest in the home of Dr. and Mrs. W. P. Boyd.

MOORING HOME IS PREY OF FLAMES; SUSPECT IS HELD

New Brackton, Ala., Nov. 28.—Flames destroyed the home, barn and all out-houses valued from \$15,000.00 to \$20,000.00 near Coffee Springs, Ala., owned by A. Mooring. Six mules and two horses were caught in the flames and met a horrible death. A son of Mr. Mooring had a narrow escape and two horses were caught in the house when the flames were discovered by a nearby neighbor who gave the alarm. Mr. Mooring and other members of the family were visiting relatives near Ozark.

This was considered one of the most beautiful homes in Geneva county. Suspicion arose that a torch was applied. D. J. Stephens, of New Brackton, with blood hounds was immediately called, the dogs taking track immediately which led from the house, to a negro house about two and a half miles away. Henry Miles was taken into custody by Stephens and others and lodged in the Geneva county jail for safe keeping. It is said Mr. Mooring had some personal trouble with the negro a few days before a settlement.

Mr. Mooring stated that only about \$5,000 insurance was carried on the property. Fire was discovered about 8:00 o'clock Thanksgiving morning, both house and barn being in flames at the same time. One five gallon gasoline can was found near the house by Mr. Stephens, and others, while following the dogs.

AMERICAN IS REFUGEE IN EM-BASSY IN MEXICO.

Mexico City, November 26.—William F. Buckley, president of the American Association of Mexico is a refugee in the American embassy in Mexico City, awaiting developments incidental to an order for his arrest and expulsion, said to have been issued several weeks ago by the Mexican officials.

Mr. Buckley's presence in the embassy is with full knowledge of the Mexican authorities, who are understood to be undecided as to what course they should pursue if Mr. Buckley ventured forth and thus subjected himself to immediate arrest. According to information available this afternoon, the order for his arrest and expulsion was issued more than two months ago, at which time he was not in Mexico.

The American charge, George T. Hummerlin, several days ago took up Mr. Buckley's case with the Mexican foreign office, and was informed, it is reported, that his expulsion had been ordered because of his aggressiveness against the present Mexican government. Mr. Buckley this afternoon sent a lengthy telegram to friends in Washington, in which he stated: "My offense is that since March I have publicly advocated the Mexican policy later adopted by the American government and that since then I have publicly defended that policy."

The telegram concludes: "If the American government rules that an American citizen may be expelled from Mexico with impunity and does not insist on an order of expulsion, will leave the embassy and submit to arrest."

It is understood that an effort is being made by Mr. Hummerlin to obtain a copy of the charges from the American government and that since then I have publicly defended that policy."

It was said that the automobile was coming from the direction of the cemetery on the Montevallo road and had gotten about two-thirds of the way across the A. G. S. railroad crossing when it was struck by the train which hurled the car against the cowp, about 20 feet distant, tossing occupants out of the car and breaking them along the right of way. Mrs. J. A. Brooks was picked up from under the demolished automobile. The car was a total wreck, he only part left intact being a wheel.

JOBS FOR MILLION MEN IF SOLD BIG NITRATE PLANT SAYS HENRY FORD

New York Nov. 17.—Henry Ford, in a statement today, announced by New York papers, declared that if he secures the Muscle Shoals project he will give employment to a million men. "I will put the South on the map," declared the capitalist.

"I will give employment to a million men in the South. I will establish industries that will have a beneficial effect not only upon the South, but upon the whole country. I will extract from the air nitrates that will be sufficient in quantity to fertilize the entire cotton belt of the world."

Thomas A. Edison has been ready for the past month to go with me to Muscle Shoals and give me expert advice with regard to the nitrate project. Mr. Edison and I will start South the moment the government decides to turn the property over to me.

"If the government will let me go to work at Muscle Shoals, I will establish a great aluminum plant in which aluminum will not only be extracted, but manufactured into machinery parts. I will establish plants in which cotton will be spun and woven into cloth. I will put to work every horsepower that I can wring out of Muscle Shoals, no matter how many plants it may take to consume it."

"From my experience in other places I have learned that one man is employed for each horsepower of mechanical energy in a plant. Muscle Shoals is good for 1,000,000 horse power. That is why I say that if the government will let me, I will put a million men to work."

"I will give the whole nation an object lesson, not only in the use of water power, but in modern agriculture. The country is full of unused water power that should be harnessed and put to work. There is a fall of 400 feet in the Mississippi river between St. Louis and New Orleans and not a dam on the river."

"There should be at least a dozen dams on this great stream. No land worth anything need be flooded. It is sufficient to install a low dam and carry it along beside the river until the fall has been sufficient to run water wheels."

"I have nine dams on a little river thirty feet across that runs through my farm at Dearborn, Mich., and from this small stream take from between 300 and 500 horsepower. My little stream furnishes light and heat for my home and buildings and the rest of the current is wired over to my Dearborn plant."

"How many homes could the Mississippi heat if its power were converted into electricity? How many states could be fertilized with the nitrates that could be extracted? How many industries could be established? How many millions of men could be employed?"

"I tell you it is time that we awakened to the neglected opportunities that our country presents. It is time that we should do something more than complain of unemployment. It is also time that we paid some attention to modern methods of agriculture."

BIRMINGHAM NEWS ANNOUNCES LOWER SUBSCRIPTION RATE

Greatest Program Of News And Feature Services In History Of Southern Newspaperdom Now Is Being Published By South's Greatest Daily.

Anticipating the prospective reduction in the price of white paper to a point that would justify reduction in its subscription rates, The Birmingham News has put into effect substantial decrease in the prices charged subscribers. The rate to mail subscribers has been reduced from \$1.50 per year to \$1.00 per year for the daily and Sunday editions.

A special rate of \$0.50 per year is made for those subscribers who live on rural free delivery routes. In towns where carrier delivery is made the rate has been reduced from 25 cents per week to 20 cents per week. The regular mail rate for six months is now \$4.50 for three months, \$2.25; and for one month \$1.00.

On rural free delivery routes, the rate is \$1.00 for six months, \$1.75 for three months and 75 cents for one month. All of these rates are for the daily and Sunday.

By the daily only, by mail, the rate is \$0.50 per year, \$0.25 for six months, one month, while on the rural routes, the rate for the daily only is \$1 per year; \$1.50 for six months, \$1.25 for three months and 50 cents for one month.

The price of the Sunday only, by mail, is \$1 per year, \$1.50 for six months, \$1.25 for three months and 50 cents for one month.

Coincident with its announcement of a reduction in rates, The Birmingham News announces to the people of Alabama its improvement in its already wonderful news and feature services.

Four great leased wire news services pour their products into The News of every day, furnishing a total of 10,000 words of telegraphic news, the finest and most complete service that money can buy.

The United Press, an able edited service, with a vast corps of correspondents of them of international fame, adds its report seven days per week to the huge volume of news that comes to News readers.

The Associated Press Association furnishes a brilliant array of European news and the inimitable, unexcelled daily feature of the Washington correspondent.

In addition to these, there are scores and scores of special correspondents scattered over Alabama, Mississippi and Georgia, in Washington, New York and other centers, who report the doings of their communities especially for The News.

PISTOL DROPPED SHOTS MAN WHO MAY DIE OF SHOT
Troy, Ala., Nov. 26.—The explosion of an accidentally dropped pistol seriously wounded Willis Collins on Thanksgiving night. The pistol was of large calibre and the bullet struck near the hips and ranged upward. The accident happened on Academy Street near Keith's drug store, and a wounded man was rushed immediately to a hospital where an X-ray picture of the wound was made. This showed that the bullet had taken an upward slant and was lodged in a place which made an operation very dangerous and difficult. His condition is considered very serious.

He is a son of Mr. and Mrs. W. J. Collins. He is a carpenter and has been employed at the buildings for the Baptist Orphanage.

TAX NOTICE

Tax Collector's and Assessor's Appointments For The Year 1921.

Pursuant to the laws as found in Act approved March 15th, 1910, page 2530, Acts, 1909-1, we will attend at the following times and places for the purpose of assessing and collecting taxes for the County of Coffee and State of Alabama, to-wit:

Third Round.
VICTORIA—Monday, December 5th, 1921.
ENTREPRISE—Four days beginning Wednesday, December 14th, and ending the following Saturday.

On all other legal business days from October 1st to December 31st, we will be at the Court House at Elba for the purpose of assessing and collecting taxes.

December 31st, after which interests and costs accrue. Poll Taxes may be paid by those who so desire between October 1st and February 1st.

Property should be listed for assessment between October 1st and January 1st, after which date costs accrue. Come yourself to list your property for assessment unless tax payer is a woman or disabled.

Tax payers are urged to meet as early as practicable, for paying taxes and assessing taxes.

D. C. MARLEY, Tax Assessor.
JACK D. LEE, Tax Collector.

REPORT OF HOME DEMONSTRATION WORK IN COFFEE

Since the Commissioners Court of Coffee County failed to make an appropriation of \$500 for the Home Demonstration Work in this county and the work is to be discontinued, I wish to take this opportunity of giving the people a brief summary of my Annual Report, which is a record of the work that has been done in the county this year.

Organized work has been carried on in eleven centers, namely, La Pine Level, Basin, Rhoades, Kinston, Goodman, Union Academy, Warren, Nov Hop, Chestnut Grove, and Arwood, while I have individual demonstrators in practically every community in the County.

This report includes only work done under the directions of the Home Demonstration Agent.

The people of Coffee County are under obligation to the Auburn Office for continuing the work in the County as long as they have. At two different times when the county found that they could not pay their part of the agent's salary, the office at Auburn assumed the responsibility rather than discontinue the work in the middle of the year.

Very sincerely,
PEARL JONES,
County Home Dem. Agent.
